1. PREAMBLE

Risk Management is a key aspect of the “Corporate Governance Principles and Code of Conduct” which aims to improvise the governance practices across the activities of The Ravalgaon Sugar Farm Limited (“the Company”). Risk management policy and processes will enable the Company to proactively manage uncertainty and changes in the internal and external environment to limit negative impacts and capitalize on opportunities.

2. OBJECTIVE

The main objective of this policy is to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business. In order to achieve the key objective, the policy establishes a structured and disciplined approach to Risk Management, in order to guide decisions on risk related issues.

This document is intended to formalize a risk management policy, the objective of which shall be identification, evaluation, monitoring and minimization of identifiable risks.

3. DEFINITIONS

“**Audit Committee**” means Committee of Board of Directors of the Company constituted under provisions of the Companies Act, 2013.

“**Board**” means Board of Directors of the Company.

“**Company**” means The Ravalgaon Sugar Farm Limited.

“**Risk**” is defined as the chance of a future event or situation happening that will have an impact upon company’s objective favorably or unfavorably. It is measured in terms of consequence and likelihood.

“**Risk Management**” encompasses risk assessment plus the evaluation of risks against established tolerances, their treatment and monitoring.

4. RISK APPETITE

A critical element of the Company’s Risk Management Framework is the risk appetite, which is defined as the extent of willingness to take risks in pursuit of the business objectives.

The key determinants of risk appetite are as follows:

- (i) shareholder and investor preferences and expectations;
- (ii) expected business performance (return on capital);
- (iii) the capital needed to support risk taking;

- (iv) the culture of the organisation;
- (v) management experience along with risk and control management skills; and
- (vi) longer term strategic priorities.

Risk appetite is communicated through the Company's strategic plans. The Board and management monitor the risk appetite of the Company relative to the Company's actual results to ensure an appropriate level of risk tolerance throughout the Company.

5. RISK MANAGEMENT FRAMEWORK

The Company believes that risk should be managed and monitored on a continuous basis. As a result, the Company has designed a dynamic risk management framework to allow to manage risks effectively and efficiently, enabling both short term and long term strategic and business objectives to be met.

The Company's approach to risk management is summarized as below:

A. Identification of risks

To ensure key risks are identified, the Company:

- defines the risks in context of the Company's strategy;
- documents risk profiles, including a description of the material risks; and
- regularly reviews and updates the risk profiles.

B. Assessment of risks

The Risk assessment methodology shall include:

- collection of information;
- identification of major risks;
- rating of each risk on the basis of;
 - Consequence
 - Exposure
 - Probability
- prioritization of risks;
- function-wise exercise on risk identification, risk rating, control;
- function-wise setting the level of responsibility and accountability.

C. Measurement and control

Identified risks are then analyzed and the manner in which the risks are to be managed and controlled are then determined and agreed. The generally accepted

options are:

- accepting the risk (where it is assessed the risk is acceptable and where avoiding the risk presents a greater risk through lost opportunity)
- managing the risk (through controls and procedures)
- avoiding the risk (through stopping the activity)
- transferring the risk (through outsourcing arrangements)
- financing the risk (through insurance arrangements)
