Notes:

 The above financial results were reviewed by the audit committee and thereafter taken on record by the Board of Directors at their Meeting held on August 13, 2025. The same have also been subjected to Limited Review by the Statutory Auditors.

2. The above results have been prepared in accordance with the principles and procedures of the Indian Accounting Standards ('Ind AS') as notified under the Companies (Indian Accounting Standards) Rules, 2015 as specified under section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India.

3. During the Financial Year 2023-2024, the company had sold its trademarks, recipes and intellectual property related to its confectionery business, to Reliance Consumer Products Limited. Consequently, the company has been inactive during the quarter ended on June 30, 2025. As the company was operationally inactive and had no operating segments, segment information is not disclosed.

4. The Company has reported a net loss of ₹50.79 Lakhs during the quarter ended June 30, 2025. Despite the loss, management believes the Company has sufficient resources to continue operations and does not foresee any significant doubt about its ability to operate as a going concern. This view is supported by the fact that the Company continues to own the operating assets of the confectionery business as well as other assets that can be utilized for future activities. The Company continues to assess and monitor its circumstances to ensure its going concern status is maintained.

5. In May 2025, the Second Labour Court, Nashik, ruled in favour of 21 former seasonal workers, awarding gratuity of ₹28.22 lakh and interest of ₹33.87 lakh. The Company has since filed an appeal before the Industrial Court, Nashik. No provision has been made in the books of accounts of the same.

6. The figures for the quarter ended 31st March 2025 are the balancing figures between the audited figures in respect of the full financial year and year to date figures up to the third quarter of the Financial Year.

 The previous quarter/ year figures are regrouped/ restated/ reclassified/ rearranged, wherever necessary, to make them comparable.

Our responsibility is to Issue a report on these financial results based on our review.
- 3. We conducted our review of the results in accordance with the Standard on Review Engagement (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Results is free of material misstatements. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and

accounting matters, and analytical and other review procedures. A review is substantially less

in scope than an audit conducted in accordance with the Standards of Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Emphasis of Matters

- 4. We draw attention to certain other matters and its consequential impact, if any, on the results including their presentation / disclosure:
 - i. Refer Note 3 to the Results, which explains that during the Financial Year 2023-2024, the Company sold its trademarks, recipes, and other intellectual property related to its confectionery business to Reliance Consumer Products Limited. Consequently, the Company has been inactive during the quarter ended June 30, 2025. As the Company has no active operating segments, no segment information has been provided in the financial results for the quarter ended June 30, 2025.
 - ii. Refer Note 4 to the Results, which states that the Company has reported a net loss of ₹50.79 Lakhs during the quarter ended June 30, 2025. Notwithstanding this loss, the management believes that the Company has adequate resources to continue its operations and does not foresee any significant doubt regarding its ability to operate as a going concern. This view is supported by the fact that the Company continues to own the operating assets of the confectionery business as well as other assets that can be utilized for future activities. The Company is actively assessing and monitoring its circumstances to ensure that its going concern status is maintained.
 - iii. Refer Note 5 to the Results, which describes the ruling by the Second Labour Court, Nashik, in May 2025, in favor of 21 former seasonal workers. The court awarded gratuity of ₹28.22 lakh and interest of ₹33.87 lakh. The Company has contested the applicability of the Payment of Gratuity Act, 1972, to these seasonal workers who did not meet the minimum service criteria. The Company has filed an appeal before the Industrial Court, Nashik. As of the date of these financial results, no provision has been made for this liability in the books of accounts.

Our opinion is not modified in respect of these matters.

5. Based on our review conducted as stated above, nothing has to come to our attention that causes us to believe that the accompanying Results, prepared in accordance with the applicable Indian Accounting Standards as prescribed under Section 133 of the Act, as amended read with the relevant rules issued thereunder and other recognized accounting principles practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of SEBI, (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatements.
